Rickey I'm so sorry. If you never want to speak to me again I don't blame you, but it would kill me to lose you again. The truth is that I've loved you all this time. Even when I was with Gabriel I couldn't stop thinking about you. I wish the ground below me could just swallow me up & I could just disappear...disappear from this f* mess I've made. You're an amazing guy Rickey. When I'm with you the world around me just disappears cause I get so lost into you & that kind heart you have. When I'm with you, I don't care about time or the world around me...it's like you are my world. You are the Sun that brings warmth to my very soul. I thought about transferring to a different university...maybe Brown or Princeton cause I just can't study cause my mind is always thinking about you in all my lectures & seminars. I was too afraid to tell you how I really felt about you casue I didn't want to lose as a friend...I guess I lost you already by kissing you tonight. But the silence was just killing me. The unspoken words between us. I had a hunch that you were gay when you came back home with me to Laguna Beach for a weekend. But I was too afraid to ask you. I thought maybe I was mad cause there was no way that Rickey could be gay, so I left it alone. I wanted to tell you that I was gay, but I was too afraid to do that also. fearing that I would lose you. Inside I wanted to scream the truth to you, that I love you. But I just tied myself up in silence...not knowing what to say or what to do. Then the silence was driving me mad, everytime that you called or emailed me I wanted to tell you. Living this half of a life was killing me when I know that we could be so much happy together. You have this way of cheering me up whenever I was down. I get depressed whenever I'm away from you..there were times when I just wanted to run out of my lectures just to be with you. I took a risk by kissing you tonight. At least now you know how I

hey, i know your a goth and all but perhaps you'd like to go for a drink with a regular guy like me some time

Cassie Grant

Hm I don't know what you've heard about me Andy. I'm not as easy as everyone says. But I am evil *evilly laughs But do you like the crypt? Some nights I drink there..

Andy Arken

Great, the crypt sounds both daunting and exciting. But i think im man enough. will i get away with these normal clothes, is there a dress code. Will they set on me at the sight of my Nike trainers and Boston sox baseball cap.

its okay if they do, im just wondering

Cassie Grant

NIKE? I've changed my mind. NIKE KILLS

Andy Arken

WOW i can wear converse, I've got some sic converse

Andy Arken

Hey Cassie, i was wondering we could head into San Fran tomorrow and hang out. I mean we can do whatever you want. I promise it will actually be fun.

Cassie Grant

Hi Andy, yes that might be cool. If you don't mind I've heard there are some really great vamp shops there! I also have a couple of books I'd like to pick up. Do you drive?

Cassie Grant

I LOVE YOU TOO soo much. So much it's terrifying.

Saturday was so intense. It kind of freaked me out. I think when are bonded something really magically powerful happens, like nothing I every really believed was possible. It's frightening and exciting to think about what we might be able to achieve with the power and potential that exists when we come together. I really felt like I felt him inside of me and felt like the world changed. Did you feel the same?

I think it's fate that we've met each other. Our love is a powerful gift.

Andy Arken

I'm not going to lie, it freaked me a little, but It was so so intense, I'm still buzzing from the energy. I've been thinking we need to keep this a secret, i dont think the rest of the guys are going to understand.

What we managed to tap into has so much power your right, lets learn to harness it.

I kiss you all over and lets meet tonight, perhaps i should come to yours, Taylor is pretty pissed about the mess we left.

XXXX

Cassie Grant

Miss you already A

We mustn't let anyone know about anything. You're so right!♥ No one will understand, I don't think anyone would understand. What we experienced was something so incredible we could never explain it. It's just the two of us.
