Re:hey  
hey donna;

I'm lynn. your situation was similar to one of the Louis Vuitton stores i used to frequent. the manager of the store had been "borrowing" items for personal use that didn't make it back to the store, but higher management couldn't determine why there were some many items missing from inventory, so they let EVERYONE go! I'm not joking. so, i really felt for you because several of my regular sales associates were fired and can never work for that brand again. one of the persons had been with the company for over 25 years. so sad. but as you said, life does go on and eventually all found new jobs and positions that they feel they can grow in more than at their old jobs. the internet is such wonderful and powerful tool / voice / medium. i can see and hear your hurt, disappointment and frustration in this video, but was also concerned that this video might turn into a different direction and hinder future employment. I know we don't know each other, so you may certainly choose to take my words with a grain of salt, but i just have been enjoying you and your wonderful channel here on youtube, i felt compelled to PM with you.

i will pray for you and your new endeavors to bring you more joy, refreshed exhilaration and inspiration than your past job. be wishes and happy new year.

Peace,  
Lynn

I find it odd that a girl who goes to college can afford a \$9,000+ handbag, I assume she has college debt and would need to use that money to pay off school and books?

martha8253 1 week ago

Hey dumb as not everyone that goes to school is BROKE!! How stupid r u! She has money or family has money u dumb bitch! Wow no fuckin brains go buy some!

amburberry202 3 months ago

Logan you are really pretty for starters i cant take that way from you ... but your bag is fake! i have the real one, and posted a video of me unboxing it! Your bag is too stiff, hermes leather is so soft and looks smooth and if it is crumpled there wont be any clear creases it would just slouch ... and your stamp is way way way off it should be clear and not fade @ certain angles you can tell it was lightly pressed and not stamped in firm like all hermes items! ALSO YOUR HANDLES ARE WAY TOO BIG

germankiwigal 3 months ago

Since you have Birkin bags yourself you should know that they come in different leathers. It's very rude to accuse someone of having a fake bag after seeing a super short video on a camera that cannot zoom in well enough for you to even notice these details. Get a life!

amburberry202 3 months ago

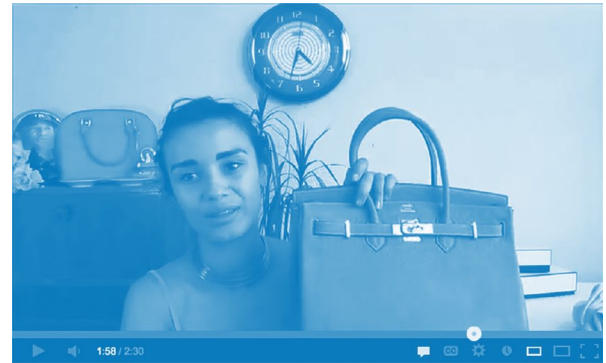

& let me educate you so your not fooled, THE ONLY BASIC LEATHER OTHER THAT IS STIFF is EPSOM, which this bag is clearly not!!!!its trying to replicate togo or clemence, THERE IS NO CARDBOARD BOX STIFF TOGO OR CLEMENCE LEATHER @HERMES!!! I think its rude to insult people & post videos of fakes trying to pass them off as authentic insulting the intelligence of people like myself who have the real bag, you just look stupid ...  
& i have a great life with authentic birkins to prove that :-)

Yep, I was right - you clearly have no life if you feel the need to write two ridiculously long comments about this and telling me how fabulous your life is. "Authentic Birkins" don't guarantee a great life, being a nice and kind person does and you come across petty and sad. I never said I shop at Hermes, "honey", so not sure why you needed this long tirade against me. I merely defended Logan because you mindlessly attacked and accused her for no reason. Pathetic, just pathetic.

Hi Logan! Quite generous of you to do this giveaway. My dream get away would be to be able to enter and run the NYC marathon. I am a runner and that marathon is by lottery. But I also love New York so seeing it by running the marathon would be a dream. It would take some training dedication but all the things that come with NYC - the people, the restaurants, the shopping, the energy... would all be worth it. Especially now after Hurricane Sandy, I would appreciate the city more. Thanks for allo

My dream get away would be to be somewhere on the Carribean sea with my lover boy and not to have any one disturb us

My perfect getaway would be to go to sanibel Florida and stay there forever away from drama!

My dream get away would be to go to a land that is on top of clouds floating in the air. The ground and its soil in this place would be of musk and saffron. The rocks in this beautiful place would be of just pearls and jewels on the ground waiting for you to pick them up. All of buildings in this land would be made of gold and silver. Every tree in this land would have fruits growing for you to eat, the fruits will be ofter than butter and sweater then honey. This is a place I dream about going

Logan Sky's giveaway unboxing

I got my portrait drawn - touristy location - sun beach sand margarita. You know those places. Portrait artist lined up, ice cream vans, glossy water fights or something like that. Usually they do caricature. I actually got a lifelike portrait done, the guy convinced me, telling me that I could get away with it, that I could get away with having all my details drawn.

You know, that somebody is just using my identity with their own picture, and using this to go across borders. I mean, it's just, it's a creepy feeling and I, it's weird - I just hope it doesn't get out of hand.
